

Hi Patricia

In response to the questions:

I am a strong supporter of MacBride Museum.

I had understood the Yukon Government paid the taxes and agreed to pay the taxes going forward. It has now come to my attention that the arrangement is only for the next two years and then it's an unknown.

I am optimistic that the Yukon Government will continue to support MacBride with their taxes. I know the City will also continue to support MacBride with grants to help with operations (and taxes), based on the City's grant policy.

I am always open to meeting with MacBride to discuss this and other topics and will continue to offer my support wherever possible.

Dan Boyd
